Top Skills

C++
DSA
Machine Learning

Languages

Urdu (Native or Bilingual)
English (Limited Working)

Certifications

Develop generative AI apps in Azure

Nabeel Hussain

Software Engineer | Web Development (React/JS) | Deepfake Detection (AI/ML) | Network Security Intern
Mirpur, Azad Kashmir, Pakistan

Summary

I am a Software Engineering graduate from Mirpur University of Science and Technology (MUST), passionate about building secure, intelligent, and scalable digital solutions. My technical foundation spans object-oriented programming (OOP), data structures and algorithms (DSA), and database management. I have hands-on experience developing responsive web applications using React and modern JavaScript, as well as designing comprehensive system architectures and requirements using Visual Paradigm.My academic and project work bridges software and hardware, encompassing machine learning for computer vision, deepfake detection systems, and practical IoT implementations using microcontrollers. I am highly motivated to apply my laboratory experience and software engineering principles to real-world technological challenges and contribute to impactful software development teams.

Experience

DevelopersHub Corporation©

Frontend Developer
March 2026 - April 2026 (2 months)
Islāmābād, Pakistan

DevelopersHub Corporation · Internship
Mar 2026 – Apr 2026 · Remote

Developed and maintained responsive user interfaces for an e-commerce prototype and the Nexus web platform.
Translated UI/UX wireframes from Figma into fully functional, multi-page frontend layouts utilizing HTML, CSS, and JavaScript.
Engineered key components for the Nexus platform using React.js, including integrating meeting scheduling calendars, video calling UI controls, document management modules, and payment transaction history tables.

Tech Hierarchy

Network Security Intern.

March 2026 - March 2026 (1 month)

Tech Hierarchy · Internship

Mar 2026 – Mar 2026 · Remote

Completed a 4-week remote Cybersecurity Internship and Training Program focused on structured learning and practical exposure to network security.
Actively participated in technical sessions and gained hands-on experience by completing assigned cybersecurity tasks within strict deadlines.
Applied practical security principles while maintaining professional and ethical conduct throughout the duration of the program

Education

Mirpur University of Science & Technology (MUST)

Bachelor's Degree, Software Engineering · (September 2022 - September 2026)
